20. WVC Table Tennis

Muscat in Oman

14 January until 21 January 2023

round trips - hotels - excursions

Dear customers and friends,

For the **20th World Table Tennis Senior Championships**, you can look forward to a venue in a class of its own.

When I entered the oriental country, I was already enthusiastic about the friendliness and courtesy of the grannies and experienced this during my entire journey.

We have selected six great hotels for the World Cup week as well as pre-, connecting trips and excursions for you (of course with a German-speaking tour guide).

We also had a look at the venue of the World Cup, the Oman Convention Centre, and let me assure you, there has never been such a venue for senior events. You can look forward to it!

We have reserved **great hotels in different price ranges** for you. Most of the hotels are located between the old town of Muscat and the Oman Convention Centre, the gambling hall.

Our **pre- and connecting tours** as well as the excursions on match-free Wednesdays are of course guided in German.

Our long-standing partner "DER CLUB" will reliably take care of the sporting registration; the corresponding registration form is enclosed with the brochure.

We book **your flight, your stay on site**, take care of your visa and, as always, we are also there for you as your local contact. For questions, information and bookings, Micha Laufer and I are at your disposal at any time.

We are looking forward to an unprecedented experience in the fairytale land of 1001 Nights!

Until then, I remain with sporting greetings,

Kind regards,

Jörg Scharff

Welcome to the hidden jewel of the Arabian Peninsula - OMAN! In January 2023, we will take you to the 20th Senior Table Tennis World Cup, following in the footsteps of Sinbad the Sailor and the Magi along the Frankincense Route. The exciting past paired with modern life make the Sultanate of Oman an unprecedented experience. Only a seven-hour flight from Frankfurt, on the eastern edge of the Arabian Peninsula, lies Oman with its approximately 310,000 square kilometres and about 5 million inhabitants. The Sultanate surprises with its interesting cities, ancient castles, high mountains, deep gorges, waterfalls, endless beaches and some of the most breathtaking desert landscapes in the world. Due to the special regional climate and the sparse population, the country is also home to a unique flora and fauna. Besides coral reefs, sea turtles and dolphins in the water, Oman is also home to some rare species of animals on land. Oman's diverse beauty can be felt in every part of the country. The Arab country is famous for its rose cultivation and frankincense, as well as the fragrances produced here. The people of the country welcome their visitors with friendliness, openness and great inner peace, so that one may truly still feel like a guest here.

In the capital Muscat, at the latest, you will feel like in a fairy tale of 1001 nights. Strolling through the market (souk), you will immerse yourself in the traditions and customs of the locals. Enjoy the Arabian flair in the winding alleys and let yourself be enchanted by the smells. An absolute highlight of the capital, besides the Sultan's Palace and the Opera House, is the Sultan Qabus Mosque, which can accommodate up to 20,000 believers. Here you can marvel at a 47-tonne prayer stitch that was made by 600 weavers over a period of three years.

The national currency of the Sultanate is the Omani Rial (OMR). One rial is the equivalent of about 2.40 euros. As Oman is a Muslim country, there is a dress code for both men and women. Outside the hotel complexes, shoulders and knees must be covered with clothing.

WVC 2023

The 2023 Senior World Cup will take place at the Oman Convention & Exhibition Centre, which is only a 10-minute drive from Muscat Airport. The building was built in 2016, consists of 5 halls equipped with the latest technology. We will organise a shuttle service connecting our hotels to the venue which is of course included. "DER CLUB" has again secured a contingent for the German participants (registration form attached).

8 days connection trip, 22 - 29.01.2023

Round Trip: Oman's Highlights

1. Day, Sunday, 22.01.2023

Turquoise water and traditional boats

Today you will start your connecting trip and will quickly realise that Oman stands out in comparison to the other Gulf States due to its unique nature and geography. You will start the day with a short hike to Wadi Shab, which is a wonderful destination with its turquoise waters, gigantic rock faces and beautiful vegetation. Please take a bathing suit with you on this excursion, as you should definitely take advantage of the opportunity to swim in Wadi Shab. Next you will marvel at the sink-hole of Bimmah, which is filled with crystal-clear water; and then continue to the port city of Sur. There you will visit the dhow shipyard, where the typical Omani wooden ships are still built according to old custom without nails and glue.

In the evening you have the opportunity to observe turtles (optional).

Overnight stay and dinner at Hotel Sur Plaza

2. Day, Monday, 23.01.2023

Sand and stones

Visit Wadi Bani Khalid today, a green jewel in the desert. Wadi Bani Khalid is the most famous oasis in Oman and one of the most beautiful and well-maintained oases in the entire country. The deep green, pleasantly cool freshwater pools offer the perfect contrast to the great warmth and colourless beauty of the landscape and invite you to cool off.

For today's main destination, you will drive through the dunes of the Wahiba Desert. Accommodation in an authentic desert camp with Omani specialities and entertainment, invites you to watch the stars in the evening.

Overnight and dinner at Sama Al Wasil Desert Camp

3. Day, Tuesday, 24.01.2023

Oasis city of Nizwa and castles

Today you head towards the Hadjar Mountains. Your first stop is in Ibra, a medieval village surrounded by many watchtowers. Here you will visit the unique women's market and see Ja-brin Castle, as well as the UNESCO-protected Bahla Fortress (from the outside), the oldest and largest of all Omani castles. Afterwards, you will reach the oasis town of Nizwa, your destination for today.

Overnight stay and dinner at Nizwa Al Diyar Hotel

4. Day, Wednesday, 25.01.2023

Villages and mountains

Today, discover the cultural capital of Nizwa, the centre of Oman's heartland. You will visit the fortress of Nizwa, the largest in the Sultanate. Then head to Jebel Shams, the highest mountain in Oman at 3030m. The next stop is in Al Hamra, a village that shows visitors how Oman's people lived in earlier times.

In the adventure museum "Bait Al Safah" we will take you into the everyday life of an Omani family. End the day with Omani coffee and dates.

Overnight stay and dinner at Nizwa Al Diyar Hotel

5. Day, Thursday, 26.01.2023

Nizwa, the cultural capital

The morning begins with a visit to the famous animal market in the oasis city of Nizwa. Every Friday, the noblest animals in the country are offered for sale here and there is a lot of hustle and bustle and negotiation to get the best prices.

Explore the traditional Nizwa Souk, famous for its silverware and Bahla pots. Continue to Birkat Al Mauz, an abandoned mud village at the foot of Jebel Akhdar. You will take a walk past date plantations and water channels (Aflaj) to the old village centre. The Aflaj systems of this area are one of the four UNESCO World Heritage Sites in Oman. Continue to Jabal Shams.

Overnight and dinner at The View Jabal Shams Resort

6. Day, Friday, 27.01.2023

Jebel Akhdar

Today offers enough time and rest to embark on a journey of discovery through the Jebel Akhdar Mountains. The limestone mountains of Jebel Akhdar are surrounded by rugged terrain and lie in the heart of the Al Hajar mountain range in north-eastern Oman. The region extends to the Saiq plateau and is home to lush 'wadis' (valleys) and terraces that promise a rural getaway in the cool mountain air. The region is one of the most fertile in the country, giving the place its name 'green mountain' (Jebel Akhdar). Pomegranates, apricots, peaches, almonds, walnuts, grapes and the roses from which the famous Jebel Akhdar rose water is distilled thrive in the orchards and extensive terraced fields. When the roses are in full bloom in spring, a visit to the rose water factory is a special experience. Unfortunately, there are no regular opening hours for this factory, so we recommend visiting spontaneously. Panoramic views and ancient rock paintings round off your experience.

Overnight stay and dinner at Jabal Akhdar Hotel

7. Day, Saturday, 28.01.2023

Bergdorf und Rückfahrt

After breakfast, we continue to the abandoned mountain village of Wadi Bani Habib. It is built entirely of mud and once had about 700 inhabitants. The terrain is too steep for road construction and in the 1980s its inhabitants decided to leave Wadi Bani Habib and settle on the other side of the mountain. There are better infrastructure possibilities there. Today, the mountain village is no longer inhabited by a single soul. The mud huts nestle against the steep flank of the mountain like partly weathered toy houses. Then return to Muscat.
